FISHING-KAYAKS

CATALOGUE
ENGLISH VERSION

HEY!

We are very pleased that you are holding our brand new catalogue right in your hands!

Here you will find a full and comprehensive overview on our product range including kayak models, accessories and you will also be able to find some information about the lifestyle inside the house POLESTAR KAYAKS.

We won't leave you alone after buying one of our yaks because we also offer a wide range of products that go hand in hand with our kayaks.

We carry accessories from RAM, Railblaza and Fasten. You can find sonars from Humminbird and Garmin, trolling motors from MinnKota and of course the »state-of-the-art« transport solution by BooneDOX, made in USA!

Community building is also highly important for us. With us you have the opportunity to register for free in our Owners Club – here we provide you with constantly changing offers, news and we grant you with an early access to new products.

Besides that, we will invite you to several events throughout the year in Germany and abroad.

Become a part of the community!

Now we hope you enjoy finding your new fishing kayak on the following pages.

POLAR 9.9

NEW!

POLAR 9.9 – Versatility on a new level!

The Polar 9.9 unfolds its power especially on small bodies of water and when pelagic fishing. Wherever maneuverability is required, the Polar cuts an extremely good figure.

The new low profile gear tracks offer a super solid mounting surface for all your accessories. Electrical installations are also easily planned and implemented thanks to the assembly surfaces with inserts.

Polar 9.9 – discover the wilderness!

KOOTA

Koota – Your Modular All-Rounder for Fishing and Adventure

The Koota is more than just a kayak – it's the solution for anyone seeking flexibility, functionality, and comfort in a compact design. Whether you're a passionate angler, want to enjoy nature, or simply want to spend relaxing hours on the water – the Koota Solo adapts to your needs.

Versatility meets functionality

The Koota was specifically designed for anglers and recreational paddlers. With its robust construction and well-thought-out features, it offers you everything you need for a successful fishing trip or an unforgettable paddling experience!

Spacious Storage: Plenty of room for your fishing gear and accessories.

Accessory Rail System: Perfect for mounting fish finders, cameras, rod holders, and more.

Transport: Disassembles into 2-3 parts. This innovative design allows you to easily store the kayak in small spaces, garages, or even in your apartment. Space problems are a thing of the past. The individual modules are handy and lightweight, so you can easily transport the Koota Solo in the trunk of your car or on a roof rack.

A kayak for all adventures

The Koota is not just a fishing kayak, but a true all-rounder: Discover hidden coves and remote shores.

Enjoy relaxing paddling sessions on lakes, rivers, or along the coast. Experience the freedom of the water with friends or alone.

The versatility of the Koota Solo makes it your perfect companion – whether for a short weekend trip or longer adventures.

Your kayak, your options!

LIFE 10 / LIFE 13^{DUO}

Our Life Series

Your paddling kayaks are not just for fishing, but also for a relaxed paddling tour alone or as a couple. The Life series is very easy to use for everyone and is still very good to paddle.

The Life 10 is equipped with a steering system and is therefore also great for more experienced paddlers.

The 13 duo makes many things possible like exciting voyages of discovery for two, without missing any comfort.

Of course the kayaks offer the possibility of optional accessories such as rod holders, depth sounders etc. to be installed on the mounting bases provided for this purpose.

Start your adventure now!

POLARIS

BOONEDOX GROOVY LANDING GEAR

With this "state of the art" system transport to the water is a real breeze!

The entire landing gear is firmly attached to the rail system of your kayak - so you always have your kayak cart with you and can effortlessly slip the kayak into the water and get out again just as easily!

The Landing Gear fits universally on almost all kayaks with a rail system. In addition, we also carry the special variants for the Hobie Pro Angler and all kayaks and canoes without rails.

BooneDOX - made in the USA!

STRÅLER 300

Stråler 300 – Your compact fishing boat for unforgettable days on the water!

The Stråler 300 combines stability, functionality, and compact design in a small, fully-fledged fishing boat.

Stability and space for two

With a length of 300 cm and a generous width of 155 cm, the Stråler 300 offers an extremely stable platform. It's perfect for two people and plenty of fishing gear without feeling cramped. The sturdy construction ensures a safe and comfortable feeling on the water, even in light waves.

Ideal for electric propulsion and technical accessories

The Stråler 300 is specially optimized for use with an electric motor. This allows you to glide quietly and efficiently across the water – ideal for use in calm waters where motorboats are often limited.

The boat is a real highlight for technology enthusiasts:

The side rails allow easy and stable mounting of depth sounders, cameras, or other technical devices. The well-thought-out design ensures that cables can be routed neatly and safely.

TECHNICAL SHEET

Length:	300 cm
Width:	155 cm
Height:	55 cm
Weight:	110 kg
Riders:	2
Capacity:	300 kg
Motor:	up to 15 HP

TIPPI!

Of course, you can also get the right trailer for our Stråler right here in-house! Feel free to contact us.

KAYAK TRAILER

Kayak transport made easy!

With our customizable kayak trailer you will experience maximum flexibility! No more loading the kayak on the car roof and all your fishing gear can be stored inside the trailer.

We offer wrapping in different variations - we can match the color of your kayak if you like. Always be an eye-catcher out on the streets!

Due to the maximum total weight of 750kg this unbraked trailer can be used with a driving class B licence. No extra trailer license is necessary!

TECHNICAL SHEET

Inside length:	2020 mm
Inside width:	1075 mm
Inside height:	725 mm
Maximum weight:	750 kg
Load capacity:	520 kg
Tires:	13 Inch
Loading height:	520 mm

In the picture on the left you can see the off-road version of our trailer. This functional braked variant comes with a permitted weight of 1000kg total weight and off-road tires.

We also offer this version with individual wrapping!
